All existing safety and mooring equipment

Recent survey available

Four Winns took care to provide quality, elegance, comfort and convenience, while endowing the 365 with innovations rarely seen or unavailable on other cruisers at the time. Her spacious wide-open interior is bright, modern and tastefully decorated in neutral tones and quality fabrics. The V-berth stateroom has a large centre queen bed with water jet spa under, excellent storage, and a hidden sliding privacy door. A unique foldaway dinette table converts to a berth with dedicated storage for the table. The mid cabin has standing headroom at the entrance, and the U-shaped lounge converts to a double berth. A well equipped galley overlooks the cabin and has excellent storage, good counter space, built-in appliances and great lighting. A one-level nonskid walk-around begins at the transom, and this feature, combined with molded sidewall steps in the cockpit, makes dockside entry easy, safe and convenient.
