2018 engine warranty

Broker's Comments:

Covered slip kept and babied for 15 years by the current owner, this all-fiberglass Trojan Tri-Cabin is in great condition. The three-cabin layout with fore and aft heads offers maximum privacy, and the enclosed bridge area has plenty of seating for family and guests. The Mercruiser engines were completely rebuilt at the end of the 2017 season and carry a full warranty. If you are after a classic cruiser with a full suite of amenities and a reliable, worry-free power plant, you will be hard-pressed to find better bang for the buck anywhere.
