Cockpit ice maker  
Fender baskets (2)  
Vacuflush head systems (2)  
All existing safety and mooring equipment  
2016 survey

### Excluded:

Dinghy and davits

### Broker's Comments:

Produced from 1982 - 1990, the 40 Aft Cabin was a big seller for Silverton. With a solid fiberglass hull, she has easily outlasted many of the cored hull designs that followed, and her wide, 14' beam adds great stability when the going gets rough. The interior layout is roomy with wrap-around windows for great natural lighting and visibility, and rich, teak cabinetry throughout. Both heads have separate shower stalls, and the stepped-down galley is well equipped with full-size fridge, stove and oven. This Great Lakes freshwater boat has been meticulously maintained - a "must see" for anyone after a solid, reliable, aft cabin with all the cruising comforts.
