Awesome Express Styling, Stellar Performance!

Diesel Power * Freshwater * Hydraulic Swim Platform * Satellite TV * Bow Thruster

Sea Ray's 410 Sundancer introduced in 2000 is an updated version of the popular 400 Sundancer. Her graceful styling has easily stood the test of time and she is still one of the nicest looking express style boats on the market today. Built on a wide, fully cored deep-V hull and powered by twin Caterpillar diesels, the 410 is a near-perfect blend of grace, speed and comfort. Below decks, two separate staterooms, each with separate heads, provide maximum overnight privacy, and the mid stateroom converts at the push of a button from a double berth to a well-appointed lounge/conversation pit. A private bow stateroom provides a full-size pedestal bed and plenty of closet storage. A large dinette sits opposite a full-function galley that is both efficient and beautiful. The entire salon area is finished in high-gloss cherry wood veneers with handcrafted wood trim and deep-pile carpet.

Topside, the cockpit has comfortable U-shaped seating with a sun pad, table, and a full service wet bar. Helm seating is particularly good with double-wide companion seating and a fully adjustable pedestal helm seat with flip-up bolster. A wrap-around array of navigation electronics and a full set of analogue instruments puts you in full control of this head-turning express cruiser. For engine access, the entire aft section of the cockpit sole can be raised at the flip of a switch, exposing the twin Cats and a host of peripheral systems.

This 410 Sundancer is an extremely clean, low-hour, freshwater cruiser that has been cover-slip stored for much of its life. The current owners are leaving boating and moving on to other pursuits. 2019 SAMS survey available.
