# WESTWIND YACHT SALES

Victoria Harbour (Georgian Bay), Ontario

Ocean Yachts, founded in 1977, started building Superior Sportfishing vessels ranging from 37' to 73' feet. Today, with attention to detail and continual innovation, they continue to build some of the finest fishing and cruising yachts on the water. In 2016 Ocean Yachts became part of the Egg Harbour group, which owns a number of the top brands manufactured today.

Like all Ocean designs, the Sunliner is based on a low-deadrise, modified-V hull with a distinctive sweeping sheer and well-flared bow. Originally designed for open cockpit off-shore sport fishing, the Sunliner models replaced the open cockpit with an aft cabin and hardtop aft deck to create comfortable cruising accommodations with a two-stateroom layout.

"La Vida Loca" has been a Great Lakes freshwater boat for over 20-years. Her hull above the water line has been professionally refinished and shines like new, and her exterior teak accents, including teak toe rails, are nicely finished with only minor scuffing here and there from dock line abrasion. Below decks, the interior has been completely updated and tastefully decorated in neutral colour tones. Both staterooms have walk-around queen berths and the heads have separate showers. A key feature is the fully enclosed aft deck which provides a great space protected from the elements for casual entertaining. A few steps up, the canvas-enclosed bridge provides a commanding view for the helmsman with passenger seating for 6-8

Power underway is provided by a pair of 685HP turbo-charged Detroit diesels, highly regarded for reliability and serviceability along with super fuel economy. Both were tuned and fitted with new injectors in Sep. 2020. A bow thruster provides added maneuverability around the docks. The package includes a Genco custom fitted winter cover and frame, and a paid-up marina slip, including winter storage.

Whether your dream is comfortable, laid-back cruising, casual weekend entertaining or finding a full-time live-aboard, "La Vida Loca" may just be the perfect fit.

**Located off-site. Please call ahead to schedule a viewing appointment**
