Comments

This is a complete fishing boat & trailer package that can double as a family friendly boat for day cruising or water sports. The aft fishing deck flips to form an upholstered bench seat and the bow area can be reconfigured into a comfortable sun lounge. That said, the Starweld is designed primarily for fishing and has all the great features required for memorable fishing adventures, including a 24v Minn Kota trolling motor with remote control and two fishfinders..

The Starweld 1800 by Starcraft features an all-welded marine grade aluminum hull with a lifetime warranty on all seams. She's powered by a Mercury Optimax engine with direct fuel injection for amazing performance and fuel efficiency. Come have look! You will not be disappointed.
