Broker's Comments:

Like-new! Sure, they always see that, don't they? Well believe me, this 2017 Horizon 190 really is like-new, no exaggeration. She's enjoyed heated winter storage since new and both interior and exterior are in excellent condition. This is a well-equipped sport boat easily capable of 50 mph+ and designed for wakeboarding, wake surfing, water skiing or tubing. Features include a folding wake tower that gets the towline up high and can be configured to hold wake boards, flip up rear-facing transom seats for spotters, built-in cooler and loads of concealed storage areas for gear.

Not into water sports? No matter. She makes a great family day boat for short excursions and the deep-V hull provides a smooth, dry ride even when the chop picks up a bit. If a high quality, versatile sport boat is on your bucket list, this like-new Four Winns H190 is an excellent choice.
