Broker's Comments:

Get out on the water in comfort and style with this completely turnkey sport boat package. Chaparral has been building quality family boats in the 18-33 ft range since 1965. They are the world's leading manufacturer of fiberglass boats and have received over 48 industry awards for product excellence and superior customer service. If you are looking for above average quality and performance in a well-equipped sport boat or day cruiser, it simply doesn't get much better.

Expand your sense of adventure! Have a nap or beat the heat in a surprisingly spacious cuddy cabin with an impressive 44" of sit-up cabin headroom. Enjoy refreshing ventilation and cabin illumination via the bi-fold cabin doors, side ports and screened deck hatch. Take the kids for a day of skiing or wake boarding, or pack a picnic lunch and head for the beach or a quiet anchorage. This one-owner 215 SSi sport boat has been dry-stack stored and pampered, has very low hours and is in excellent condition stem to stern. A tandem axle Excalibur trailer is included along with a complete camper canvas system, making this an exceptional overall value in a high quality, trailerable sport boat.
