Chaparral boats are considered high-quality, solid, and reliable vessels, often rated among the top manufacturers in the luxury sport boat market. Known for durable construction, comfortable interiors, and good performance, they are well-regarded for both family recreational boating and water sports.

The Chaparral 215 SS is no exception. Solidly built, nicely styled and roomy for recreational day-tripping, it comfortably sleeps two for overnight excursions. This second-owner, low hour 215 SS comes complete with a camper top, updated clear mil windows, recent electronics and a tandem axle trailer. A complete package at a great price.

Just turn the key and go boating!
