### Included:

LoadRite 5 Star aluminum tandem axle trailer (brakes serviced summer 2020)

**Broker's Comments:**

Introduced in 2004, Maxum's 2400 SC3 is a great entry level cuddy cabin cruiser capable of overnight camping, comfortable day cruises and has the speed and agility to also double as a ski or wakeboard boat on occasion. Maxum has focused on convertible seating to provide a very versatile layout in the cockpit and in the cabin. A generous swim platform with gated access through the transom provides easy water access for swimming or boarding from a dock. Molded steps at the helm make for safe and easy access through the windshield for mooring or anchoring. A deep-V hull (22 deg deadrise) and high freeboard make for a comfortable, dry ride even in rougher conditions.

This low-hour 2400 SC3 comes equipped for turn-key cruising and the package includes a matched trailer. The 5.0L MPI engine with dual prop Bravo III drive has plenty of power for comfortable cruising and delivers top-end speeds approaching 50 mph when the need (or urge) arises. The current owner has just added a brand new Sunbrella camper top and a matching mooring cover that allows side curtains to be removed for protection from the sun when mooring for an extended period.

Overall, this is a beautifully maintained sport boat, capable of safely handling a wide variety of boating/cruising activities. Taking trailer, recent upgrades, low hours and overall condition into account, we think you'll be hard pressed to find better value for your boating dollar.
