Brokers Comments:

Chaparral's 270 Signature is a fully trailerable, single engine cruiser with integrated swim platform and a distinctive reverse angle arch. Standard features include a walk-thru windshield, cockpit table, wet bar with portable ice chest, premium sound system, transom bench seat, transom gate, hot/cold transom shower, tilt steering, trim tabs, dual helm seat and a transom storage locker. This 270 Signature has the optional 300HP MerCruiser 350 MAG engine with Bravo III dual prop outdrive, optional radar arch, three-position swivel helm seat and large foredeck sun pad. Below decks is a very nicely appointed mid cabin interior with a U-shaped seating area forward, a compact galley area and a stand-up head compartment with shower. The mid cabin and convertible forward seating area provide sleeping accommodations for four.

This absolutely gorgeous, freshwater, low-hour sport cruiser has been dry-stacked stored, professionally maintained and is in exceptionally clean condition throughout. She comes ready to go with a aluminum tri-axle trailer and a full complement of safety and mooring equipment. We think you'll be very hard-pressed to find better value in sport boat in this size range on the market today.

Please call ahead to book a viewing appointment.
