Automatic bilge pumps (2)  
Engine compartment fire suppression system  
Engine compartment gas fume alarm  
CO detector (as is)  
All existing manuals  
All existing safety & mooring equipment

**Regal's 2760 Commodore is a well built express cruiser with deep-V hull, innovative cockpit seating, and a nicely appointed interior with a traditional mid cabin layout. Fore and aft berths plus a convertible sofa, provide sleeping accommodation for five. The cockpit has a double-wide helm seat and comfortable seating for 7-8 passengers. A walk-through windshield provides easy access to the foredeck and sun pad. This freshwater 2760 Commodore comes with a new black camper top and an extended swim platform. The cockpit and cabin upholstery are in exceptionally good condition and show almost like new. She's well equipped with cruising amenities and would be a great choice for a couple or small family. Her marina slip and winter storage is paid through to April, 2025.**
