Pressure hot & cold water w/heat exchanger system

Shore power & shore power cord

Electric head – functioning as manual

Batteries – 5 deep cycle

Battery charger

Battery switch

Dockside water inlet

Horns - dual trumpet

**The Riviera boasts an 11' Beam and 2 separate private sleeping cabins. The aft cabin has a twin and double bed, and the forward cabin's very large dinette converts into a huge bed. In the cockpit you will enjoy another convertible dinette with a 360° view of the lake. There is plenty of headroom throughout the boat, 10 opening screened ports and a large deck hatch that provide excellent ventilation and light. A dream to handle with direct drive inboard engines!**
