All existing safety & mooring equipment

**Bayliner's 285 Ciera Cruiser is a capable open-water cruiser with a functional double cabin design. A private mid cabin and a large forward berth make for comfortable accommodation for four. The dinette also converts to a berth adding stretch capacity when needed. Topside, the cockpit offers excellent passenger seating with a lounge that can be configured to face forward or aft, or completely flat offering maximum passenger seating flexibility.**

**This 285 Ciera has the upgraded interior decor package that includes teak and holly cabin sole, and solid surface countertop. The owner has recently added a bow thruster for additional maneuverability, and new navigation electronics. Slippage and winter storage is prepaid for 2019. Overall, a lightly used and extremely clean boat that shows very well, and is nicely equipped for comfortable weekend or extended cruising. If you are searching for great value in a mid-cabin express, be sure to give this one a serious look.**
