All existing safety equipment

All existing mooring equipment

2021 Survey

This versatile layout is bright, spacious for a 28 footer and very practical. The aft cabin features both a double and single berth, plenty of storage and a privacy door. A cozy salon with a 360° view to the outdoors overlooks the dinette area, creating a super interior for entertaining. Cooking is a breeze in this amazing galley that has more storage than some condos! This Carver 28 Aft Cabin has been covered slip kept for the past 14 years, and a recent survey (March 2021) confirms she is in "very good" condition overall, and is well worth a serious look.
