Bilge pumps (2)

Shower sump pump

CO detectors (as is)

Hydraulic steering and trim tabs

Marine BBQ

Foredeck sun pads (new)

Electronics equipment arch

Hurly dingy lift

All existing safety and mooring equipment

Cruiser's 2870 Express (1998-2003) is a modern mid cabin design with a practical layout and great overall performance. Like most mid cabin boats in this size, the cabin is very open with curtains separating the forward and aft sleeping areas. The cockpit layout includes a double-wide helm seat, passenger settees and a walk-through windshield for access to the foredeck. This 2870 is in very good condition and with twin engines, extended platform and mid cabin, is an absolutely great choice for entry-level family cruising.
