Automatic fire suppression system

Hot water tank

Transom raw water wash down

Transom shower (hot and cold)

Dockside water inlet

Remote oil filters

All existing safety and mooring equipment

Broker's Comments

A family oriented mid-cabin with a lot to like. The 280 Sea Ray has comfortable accommodations for 4 adults and 2 children and makes maximum use of available interior space. The large, single-level cockpit includes a portside lounge opposite the helm, an aft-facing passenger bench seating that converts to a sun pad and a convenient wet bar for refreshments. A large storage compartment is built into the walk-through transom, and molded steps at the helm provide easy access to a walk-through windshield. Built on a solid fiberglass deep-V hull, the 280 cruises easily at 24-26 knots, and tops out at around 40 knots (46 mph).

This 280 Sundancer has heat/air, windlass, extended swim platform, a new camper canvas system, and it comes with very low hours and \$20K worth of new outdrives in 2023. If you are searching for a great deal on a versatile low-hour pocket cruiser, you'll want to give this one a very serious look.
