JBL marine speakers

Head-turning express styling and a spacious cockpit with seating for 7 or 8 adults. The 300 SC (1996 - 2000) is one of Doral's Generation II line of sport cruisers with cab-forward design. Available in two versions, the 300 SC has a slightly smaller cockpit and a larger cabin space than the 300 SE model.

This very clean, well maintained 300 SC comes with an extended swim platform in addition to the standard integrated platform. She has all the amenities needed for a comfortable week or two of cruising, including a fully canvas-enclosed cockpit with wet bar. If you are looking for a mid cabin family cruiser with good cabin space below, and lots of people space up top, Doral's 300 SC checks all the boxes. Recent upgrades include a new Raymarine chart plotter, brand new cockpit mooring cover and a 2022 survey.
