Dual 30-amp shore power inlets & power cords

Batteries (3)

Automatic battery charger

Engine compartment fuel vapor monitor

Clarion sound system

Foredeck sun pad with cover

All existing safety equipment (excluding life jackets)

All existing mooring equipment

Spring 2023 survey

**The cruisers 3170 offers a traditional mid cabin layout and a well designed cockpit with raised helm position and comfortable passenger seating. Hull construction is solid fiberglass with prop pockets with plenty of power provided by twin V-drive inboard engines. With forward and aft double berths, the 3170 can sleep four in comfort, and the convertible dinette can stretch that to six if additional sleeping accommodation is needed.**

**This well maintained, freshwater 3170 comes fully equipped for comfortable extended cruising. A recent survey found hull and decks to be in very good overall condition with no structural issues or significantly elevated moisture areas. Given the price point and condition of this boat, we doubt you'll find better overall value in a comparable express cruiser. Give us a call now to book a viewing, because in today's market, we'll be surprised if it's not snapped up very quickly.**
