Excluding:

Dinghy and motor

The 330 Sea Ray Sundancer model was updated in 1995. The hull bottom was redesigned for increased fuel economy, and a forward facing radar arch was added to produce a softer looking profile. The cockpit provides a fabulous comfortable entertainment area for your family with the redesigned U-shaped seating to starboard, a wet bar with icemaker & plenty of storage. Without a doubt, Sea Ray's most popular model, and this one is well equipped with many options and shows very well.
