Broker's Comments:

The Four Winns 348 comes with all the bells and whistles you'd ever want for an enjoyable weekend or extended cruise. Accommodations include a raised island queen berth forward, a flexible mid cabin that serves as lounge area or double berth, and a well appointed head compartment with separate shower - perfect for two couples or a small family.

First introduced in 2005, the 348 Vista was re-branded the 358 Vista in 2007. Aside from the model name, there were almost no changes to what had proven to be a winning package. While the basic cockpit and interior layout is similar to most boats of this size and style, the difference most buyers immediately notice is the attention to little design details throughout the boat that, taken together, add up to a big difference overall. Notable features include both sidewalk and walk-thru windshield access to the foredeck, double helm seating with flip-up bolsters, integral extended platform with transom storage locker, power engine hatch and a cockpit wet bar with fridge/freezer, to name a just a few. The cockpit and cabin flow smoothly from one to another with a total lack of any hard edges - something to be appreciated in a rough sea. Below decks, the cabin has a unique sculptured ceiling and new eco-friendly Seagrass carpeting. Four Winns' signature high-gloss cabinetry and paneling in warm cherry wood tones are second to none in our opinion, and we've seen a lot of boat interiors over the years.

This Four Winns 348 comes with a flexible solar panel charging system that quietly and continuously maintains battery levels. The 2022 service program included topside wax and buff, oil and transmission fluid changes, impeller and drive belt replacements and new black bottom paint. Included with the package is a custom Genco winter cover with framing, a dock box and a paid-up covered slip at Queens Cove Marina on Georgian Bay through spring 2023. Available separately is a 10' Walker Bay Genesis dinghy with cover and 9.9 hp Yamaha motor.
