All existing safety and mooring equipment

All details are believed to be correct, but not guaranteed by owner or Broker. Some information may have been sourced from manufacturer's brochures. It is the Purchaser's responsibility to have all engines, systems and integrity of the vessel inspected.

**Broker's Comments:**

Carver's 360 Sport Sedan for 2003 boasts a spacious, full-beam salon, versatile cockpit and swim platform, plus a comfortable bridge with full canvas enclosure. She's designed for coastal cruising and entertaining and is based on solid fiberglass modified-V hull for a comfortable open water ride.

Below decks, the interior is finished in rich cherry wood paneling with solid cherry wood doors and countertops. Plush carpeting and soft but tough Ultraleather furnishings along with a surround-sound video system with 32" flat panel TV provide a truly relaxing cruising experience for you and your guests. The master stateroom has an island queen berth while the guest stateroom double can be converted to twins if desired. The hardwood galley floor nicely compliments the granite-like counters and cherry wood cabinets.

Topside, a large, functional cockpit with substantial bridge overhang provides sheltered space for staging water-level activities. Molded steps provide safe access the side-walks and bridge, and all deck surfaces are diamond-pattern non-skid with 1" stainless steel rails. Strategically placed grab rails maximize crew safety when going forward. Topping it off, a spacious, all-weather bridge area provides comfortable seating for the helmsman and up to six guests.

This freshwater Carver 360 Sport Sedan is very clean and shows extremely well. With only 800 hours on the Mercruiser engines, her new owner can expect to enjoy many more trouble-free cruising miles aboard this well designed and well equipped sport sedan. She's available for viewing now and we guarantee you won't be disappointed.

**Vessel located off-site. Please call ahead for viewing appointment**
