Travel in comfort and style aboard this lovely Taiwanese-built Monk 36 Trawler. The upswept, highly flared bow contributes to a smooth, dry ride in most weather. Raised bulwarks and a high rail make movement around the house safe and secure. The Monk 36 cruises at 7 - 8 knots, and has a range of approximately 800 miles. Two private sleeping cabins, both with private heads, lovely salon and huge bridge accommodations truly make the Monk 36 a great live-aboard or an excellent distance cruiser.

Pride of ownership is very evident throughout this meticulously maintained Monk 36. "Chipmonk" spent 32 years in fresh water on Lake Simcoe and Georgian Bay. She was purchased in 2017 by her current owners and after numerous safety and distance cruising upgrades, successfully completed her first Great Loop circuit this past year. Now she's primed and ready for new owners seeking similar adventures on the water. Don't miss this rare opportunity to own a traditional trawler offering both economical performance and luxurious accommodations!
