All existing safety and mooring equipment

**Excluding:** Paddle board racks, Dinghy & Motor

## Broker's Comments:

**Don't miss this opportunity to own an upgraded 370 Sundancer!**

Sea Ray's 370 Sundancer was built on a deep-V hull with a wide 12' 4" beam and handles the rough water beautifully. One of Sea Ray's most popular models with her very spacious mid cabin layout. The forward cabin has a queen berth, the dinette is a huge horseshoe sofa area and the galley is fully equipped for comfortable cruising. The mid cabin is very open to the salon creating a great conversation pit that converts to a double berth. A Vacuflush head with a separate shower stall and power vent round off the interior. This particular 370 Sundancer features an extended swim platform and has had numerous upgrades including new upholstery, new carpets, new headliner, 2 new fridges, a 3000w inverter system, new generator and many more upgrades. Truly a must see!

**Located off-site - Call ahead for viewing appointments**
