### Broker's Comments:

Sea Ray's 370 Aft Cabin (rebranded 380 Aft Cabin from 2000-2001) combines comfortable accommodations with good off-shore performance. Based on a fully cored deep-V hull with shallow prop pockets and a healthy 14' 3" beam, the 370 offers a large aft deck and spacious aft cabin in a two-stateroom, two head layout. Both staterooms include double berths with the third mini stateroom opposite the galley serving as a utility room. Topside, the enclosed hardtop aft deck provides wing door access to side decks, and molded steps to the bridge and swim platform, as well as a convenient wet bar with ice maker.

Although she carries a year 2000 serial number, "Brass Ring" was built late in the 370 production cycle and retains the 370 layout, including the centreline helm and a bridge sun lounge that is not offered on later 380 models. Her exterior topsides and decks still shine beautifully having benefited from many years of covered slip mooring and storage, out of the sun and rain. If you are in the market for a clean, well equipped cruiser with an amazingly functional aft cabin layout, don't miss this chance to grab the brass ring!

**Vessel located off-site. Please call well ahead for viewing appointments.**
