New anchor and 200' chain (6,000)
New water heater (800)
Dinghy, motor, davits (4,000)

The President Motor Yachts are well known for very beautiful interior fit and finish. The warm teak wood paneling and cabinetry has been beautifully maintained and is absolutely stunning. There is no lower helm and the galley layout is reversed allowing an open view to the salon. With the aft island bed, large V-berth, convertible dinette and

pull-out sofa you can easily sleep seven. There is a roomy aft deck and large flybridge with good passenger seating. The galley is well designed and equipped, and offers plenty of storage above and below the counter.

This is a 100% freshwater President that has been moored in a covered slip and as a result, shows beautifully. The hull is solid fiberglass and the professionally refinished topsides look absolutely amazing. A fall 2023 survey concurs and places value above ask price.
