WESTWIND YACHT SALES

Victoria Harbour (Georgian Bay), Ontario

Cruisers Yachts 395 Motor Yacht features a raised side-deck design that maximizes interior space. The full beam salon has two levels of cabin windows, providing lots of natural light and great all-round visibility. With two staterooms and two heads, she easily accommodates cruising with guests or children. The forward stateroom overlapping double and single berths while the master stateroom has a walk-around island queen. A sleeper sofa in the salon stretches capacity even further when required. Interior is a tasteful blend of cherry wood cabinetry and earth-tone carpets with Ultraleather furnishings. This 395 MY features the optional crescent-shaped dinette that expands salon seating and brings everyone together for socializing or enjoying the home theater system. Both heads are well appointed and have separate showers, and the forward head can be accessed from the forward stateroom or the salon. Galley conveniences include a microwave/convection oven, double sinks and plenty of storage.

Above deck, the bridge and hardtop aft deck are canvas enclosed with wing-door access to the side decks. Molded steps make access to the raise bridge or the swim platform a breeze, and the aft deck boasts a very convenient wet bar with updated refrigerator. Bridge canvas was renewed in 2019 and re-mains in like-new condition. Her covered slip berth has provided ongoing protection from the elements, and decks, gel coat and canvas are in great condition as a result. The lower hull received a wax and buff in 2020 and the upper hull was done this spring.

Want to know if a boat has been well cared for over the years? We find the engine compartment is one of the best indicators, and this one is absolutely exceptional! Not only is it spotless and uncluttered, but the attention to wiring layout and equipment labeling is very impressive, and the top-mounted fuel and oil filters of the Volvo engines make for easy completion of routine maintenance chores.

Overall, this is a well equipped and well maintained yacht, a rare find with many more years of safe and comfortable cruising ahead of her.
