Bayliner 4788 Pilothouse Motor Yacht - 1997

\$179,900

Length	47' 4"	w/Pulpit	54' 0"
Weight	29,900 lbs	Beam	15' 1"
Draft	3' 4"	Fuel	444 Gallons
Water	200 Gallons	Waste	48 Gallons
Power	Twin Cummins 5.9 Litre - 315hp each ~ 2700 hours		

Cruise or live-aboard in comfort and style with this extremely well maintained 4788 Pilothouse Motor Yacht!

The ever popular 4788 Bayliner Pilothouse Motor Yacht has a superb two stateroom floor plan with a third stateroom/dressing room off the master stateroom with a settee with hinged upper and lower berths. This 4788 Pilothouse has the third stateroom open to the master, providing an extremely spacious stateroom. There is ample storage within several drawers, a mirrored closet with custom shelving, and large hanging lockers. The master stateroom has excellent lighting, four opening portlights, two large overhead hatches for superb ventilation, and a private head with vacu-flush toilet and shower/tub combination.

The private guest cabin has a double berth, storage drawers, shelves, hanging locker and opening portlights. The guest head with separate shower stall and vacu-flush toilet is conveniently located directly across from the guest cabin.

The cockpit is sheltered from the sun by a bridge overhang, has a large transom door, hot and cold transom shower, two large lazarettes, access to the flybridge, and a sliding door leading into the bright and airy one-level salon and galley. You will love preparing meals in the fully equipped galley, which overlooks the salon and has a fabulous panoramic view through large opening windows. A large L-shaped sofa, tub chair and cocktail/dining table accommodate many for dining in the salon.

Handling the 4788 is a dream from either the bridge or the well designed pilothouse. Visibility from the raised pilothouse is excellent, and port and starboard sliding doors give quick access to the side decks for docking. The flybridge is well arranged with plenty of seating, a wet bar with 12 volt fridge, and dedicated storage space for the AB 10' rigid bottom dinghy with 15hp motor. The 12 volt 750 lb capacity davit system maneuvers the dinghy with ease.

Galley

Full size Norcold dual voltage fridge/freezer
Whirlpool microwave w/exhaust fan – 120v
Princess 3 burner stove and oven – 120v
